## ST JOHN'S PARK

### OVERVIEW / CURRENT STATUS

St. John's Park packages a fishing pier, pond with fountain, wildflowers, ice skating shelter, river access, walking loop, picnic area and ample natural beauty into its small 3.5 acre footprint adjacent to the heart of downtown. The opening of the fishing pier in 2009 provides safe, convenient access to the lake for all ages to enjoy.

### Short Term Requirements

- Trail/sod upgrade for newly planted dam pathway
- Ice Rink analysis in winter to determine safety of ice thickness and develop reliable snow clearing plan
- Continued maintenance of wildflowers and garden areas
- Signage update
- Posts for seasonal banners in place of metal steaks

### Mid Term Enrichments - Long Term Vision

- Work with other government bodies for enhancement of the Genesee St (HWY C) bridge over the bark river
- Other plans/needs covered in Lake access portion of Park plan.

*SUMMARY*

St. John's Park is a picturesque park that showcases the beauty of Lake Country right in downtown. Delafield's ongoing investment to preserve the access to the lake/pond and to maintain the foliage is enjoyed by those who stop or just drive by.
